I did not waste my time by spending too much time on things I liked doing; and not enough on other things.					about how well I worked on the project My teacher was very pleased with what I had done in this project. I didn't ask for her help very often. I worked things out for myself or asked other people in the group before I asked her. I liked this project and I am happy with what I have done.
I worked well with others to collect data for the survey.					
I only asked for a small amount of help from my teacher.					

I made good use of all the skills I learned on the course.
