

Graphs to show answers from Make Space Questionnaire.

### How popular are the activities?

This column chart shows how many would do each of my activities. The most popular activity is Quading.

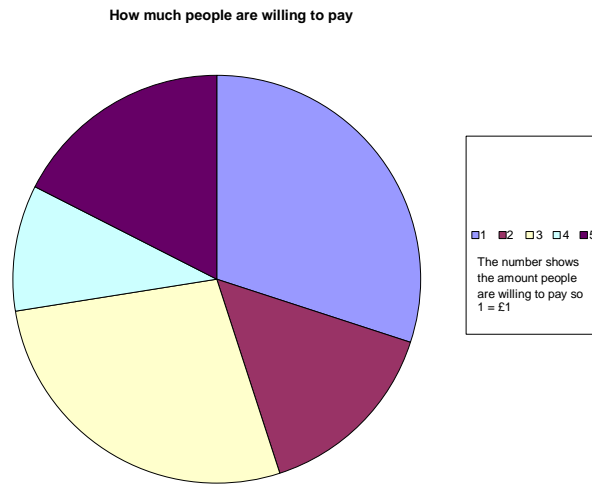

### Which days are popular?

This column chart shows what number has chosen each day of the week. I think I should offer my activities on MONDAY

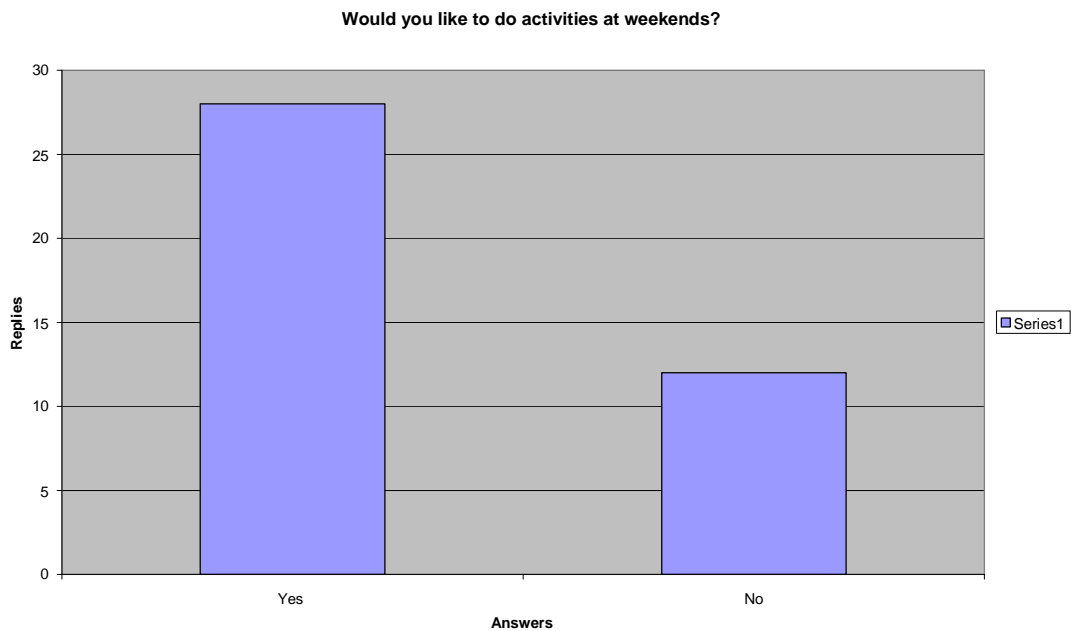

### How much can I charge?

This chart shows how much they are prepared to pay. It shows that most people are willing to pay £1 to take part in any activity at Make Space.

### Do boys and girls prefer the same things?

I wasn't sure how to do this one so I left it.

I think that Make Space should think about doing activities at a weekend, because people want to do activities then.
