

The project as a whole		
Achievement	If I did this project again, I would do this differently:	What my reviewer or teacher said:
I put all the main tasks on my plan.	√	about my plan.
I put most of the sub-tasks on my plan.	√	
I kept to the timings on my plan.	√	
I finished the project on time.	I needed a little more time (but not long) to do the pictures.	
I checked my progress regularly.	√	about how I monitored progress
I changed my plan when something took longer or less time than planned.	I made the plan a little less complicated/ briefer because of the time limit.	
I chose good test users	√	
I chose good reviewers	√	

Leaflet					
Achievement	How well did I do? (Tick one box)			If I had more time I would improve:	What my reviewers said:
	I achieved some of this but had some problems.	I achieved all of this.	I achieved little or none of this.		

Leaflet					
My leaflet had four pages and folded properly.		√			My reviewers really liked my leaflet. They said that the layout and the colours are good. The information that was on the leaflet they said was simple and easy to understand. I asked for any improvements and I didn't get any because it was o.k as it was.
My leaflet includes two images I created myself.	√			I've got the pictures they just need putting on to my leaflet.	
My leaflet has all the right content in it.		√		Make the information more brief.	
My leaflet is suitable for young people aged 11 to 16.		√		I would probably re-arrange it.	

Presentation					
My storyboard is complete and I used it to create my presentation.		√		Add more detail so it is easier and quicker to create the final presentation.	The people that reviewed my presentation said that it was very good and told me what I needed to improve, which was the slides were changing to fast for them to read. So I altered that and they said that it was o.k and it was very good. Also the information is not very detailed but it gets the points across very clearly.
I used a consistent layout and font style on my presentation.		√		Do the title in a different font.

Reviewing my own performance

I did not waste my time by spending too much time on things I liked doing; and not enough on other things.	√			Space my time out more equally (plan).	about how well I worked on the project
I worked well with others to collect data for the survey.	√				
I only asked for a small amount of help from my teacher.	√			Not ask at all unless really need to.	
I made good use of all the skills I learned on the course.	√			Use the skills more often.
