

Results from survey on Make Space Club.

Here are some results from my Survey Results. The aim of my results is to find out what activities, days, times, e.t.c people prefer so that the Make Space Club can be based around these results.

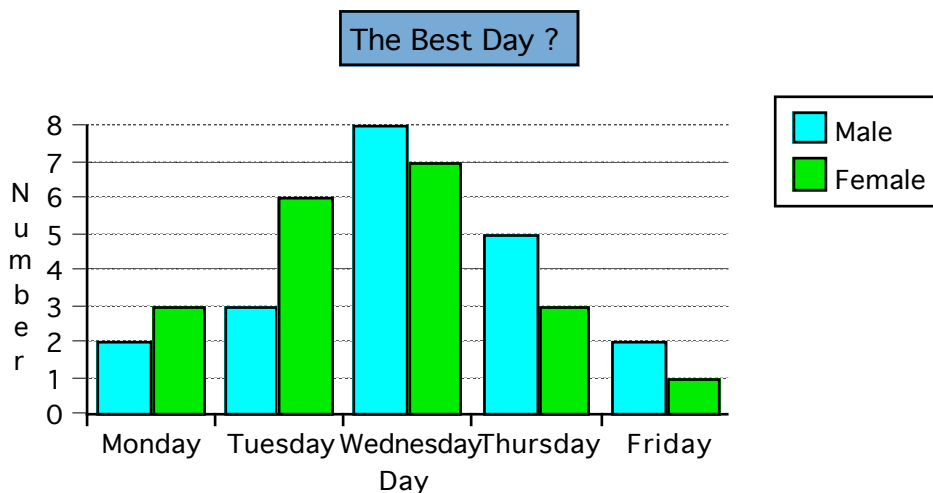

What are the favourite activities ?

This line graph shows how many people would do each of my activities. The total is 40 because each person could only choose one of the options. The most popular activity is Sports.

Which days are most popular ?

This column chart shows what percentage have chosen each day of the week. I think I should offer my activities on a Wednesday. And the least favourite day was Friday.

How much can I charge ?

This line graph shows how much they are prepared to pay. It shows that people were willing to pay atleast £2 per session. And that people wouldnt pay no more than £4.

How long should the sessions be ?

This line graph shows how long people want the sessions to be. The most popular time was 1 hour so the sessions will be based around that time.
