

# Dairy For Multimedia

11/01/2006

I started my project plan and tried to complete it but had a few set backs using project plan so decided to use Excel.

Heath Eating  
Smoking  
Fitness

Did some work on Heath Eating, Smoking and Fitness?

Copy and past some work for the net and write a though things as well

20/01/06

Design and Finish Healthy Eating Presentation just have to put in size of text and stile of writing.

25/01/06

Finish what need doing for work need to add Details to work.

26/01/06

I had a lesson on how to use dream weaver so did not work on my project. Also created file structure for Multimedia project.

01/02/06

I Revised presentation and completed this. I finished adding details to my asset tables.

02/02/06

I tested my Presentation on the group and recorded their feedback. I started my web page storyboard I am a little behind my project plan.

08/02/06

Today I started my storyboard for my web pages. I had problems with the system. When a technician was called so this problem held me up but my storyboard was completed.

09/02/06

Completed Web Page structure chart. Tried Dreamweaver but not much luck at working it out need more practices.

22/02/06

I started to create my web pages now I have started to understand Dreamweaver. I have nearly completed my homepage.

23/02/06

Because I couldn't use my clipart images, I had to find images from the Internet for my web pages.

1/03/06

Added images and text to web pages.  
I made video films in the gym for the fitness page, also some stills and video for healthy eating page.

8/03/06

I took some more video images about smoking for my movie.

9/03/06

Absent

15/03/06

Today I started Storyboard for my movie researched some sound.

16/03/06

Today I chose which movie clips I am going to use and recorded my voice over.

29/03/06

I finished editing my movie and recorded some more voice over.

30/03/06

Completed my movie after some alterations. I just need to find some music to add to this.
