

The project as a whole		
I put all the main tasks on my plan.	By making sure that I put every word in to make more sense	about my plan The plan was good. The times weren't up to date and accurate but the headings and subheadings were all good.
I put most of the sub-tasks on my plan.	I put all the sub tasks on the project plan	
I kept to the timings on my plan.	I would try and abide by the timings and account for holidays and other periods such as illness	
I finished the project on time.	I finished the project within my timings	
I checked my progress regularly.	I did monitor my work through the project	about how I monitored progress His monitoring went well. It had all the stuff he had in his initial plan.
I changed my plan When something took longer or less time than planned.	I did this quite a few times because of judging the dates wrong	
I chose good test users	I choose really good test user	
I chose good reviewers	The reviewers where really helpful	

My Logo					
Achievement	How well did I do? (Tick one box)			If I had more time I would improve:	What my reviewers said:
	I achieved this.	I achieved some of this but had some problems.	I achieved little or none of this.		
My logo looks good when used in different ways		*		The quality of the actual logo I think the main picture is a bit to straight in places and doesn't look quite right	about my logo I think his logo was a good design it could have been made a lot more complex though for what he made it was a good achievement
My logo looks good in different sizes		*		Its looks good medium size but big it looks really weird	
I have used appropriate colours for my logo	*			I think that the colours matched it really well	
My logo is linked to the Get Set! campaign	*			My logo is definitely linked to the get set campaign	
I have annotated my logo to explain my design	*			I did annotate my design	

My Medal					
Achievement	How well did I do? (Tick one box)			If I had more time I would improve:	What my reviewers said:
	I achieved this.	I achieved some of this but had some problems.	I achieved little or none of this.		
My medal is a disc with a 70mm diameter	*			My medal is a disc of 70mm in diameter	about my medal I think the medal was really good it was very well presented and laid out this is possibly one of the best pieces of his work.
My Get Set! logo is on the front of the medal	*			My logo is on the front	
The date and a graphic of an	*			And there is the date and an Olympic graphic on the back	

Olympic sport is on the back of my medal

My T-shirt					
Achievement	How well did I do? (Tick one box)			If I had more time I would improve:	What my reviewers said:
	I achieved this.	I achieved some of this but had some problems.	I achieved little or none of this.		
My T-shirt shows the Get Set! Name and logo	*			I would have produced a better layout for it all	about my T-shirt His T-shirt was good though there where a couple of things he based the wheelie race logo on his main logo which was good but I think it would have been better if it was a different design overall though a good design
My T-shirt has a graphic representing the Wheelie Race	*			I would change the graphic because I don't particularly like the one I made	
Each element is clearly shown on the T-shirt	*			The over all layout	
I have asked test users for feedback on my original design and annotated this design to show changes I decided to make.	*			I would have got more feed back on my design	

My Drawstring Bag					
Achievement	How well did I do? (Tick one box)			If I had more time I would improve:	What my reviewers said:
	I achieved this.	I achieved some of this but had some problems.	I achieved little or none of this.		
I have produced a 2D drawing for my drawstring bag	*			Improve my drawing by adding more notes and more annotation for what I would do.	about my drawstring bag the drawstring bag overall the design was good but the final outcome was very poor I don't think it was a very good attempt but maybe he found this difficult. But still a good attempt.
It shows: the scale, the dimensions, where the bag will be glued or stitched and where it will be folded	*			Show this more accurate and show more about what I would be doing.	
The drawing shows where the string will be inserted	*			I did show this in my design	
The Get Set! Name and logo are included on my drawing	*			I also showed where this would be positioned	
I have included a graphic representing the Wheelie Race on my drawing	*			I did show this on my bag	
I have included annotations to explain my design	*			I did manage to put this in	
I have produced an image to show what my finished bag will look like	*			I managed to do this aswell	

My eportfolio					
Achievement	How well did I do? (Tick one box)			If I had more time I would improve:	What my reviewer said:
	I achieved all of this.	I achieved some of this but also had some problems.	I achieved little or none of this.		
My eportfolio contains everything in the checklist.		*		I would make sure that I definitely put everything in	about my eportfolio I thought overall his E-portfolio was really good and had a lot of interesting things to talk about overall Very Good
All my links work.	*			These do work	
I made sure that the moderator would like my eportfolio.	*			I hopefully achieved this	
Reviewing my own performance					
Achievement	How well did I do? (Tick one box)			If I had more time I would improve:	What my reviewers said:
	I achieved all of this.	I achieved some of this but also had some problems.	I achieved little or none of this.		
I did not waste my time by spending too much time on things I liked doing; and not enough on other things.		*		I would have made sure I put this into practice but it was hard not to concentrate on just one thing	about how well I worked on the project I Think that he put a lot of effort into this project there were sometimes when he got distracted but everyone did at some point I thought he coped really well with the task set and well done to him.
I worked well with others to collect data for the survey.		*		It was hard to work with other people really because most of them were doing there own work so couldn't really offer any assistance	
I only asked for a small amount of help from my teacher.	*			I already knew most of the things so didn't need much help	

I made good use of all the skills I learned on the course.		*		This I definitely did try to do
