

Project log

MONDAY 9TH /1/06

Today I read through my project brief and learned what I had to do in my course. We also had a group meeting on what each of us were doing karen was doing prom, Rich was doing out door pursuits, Ricky was doing a carnival; I did not know what to do for an even so I decided to do a Disco. We will now all investigate these areas.

TUESDAY 10TH /1/06

Today I made my questionnaire and my group also made their questionnaires and I made my mind map and our group and myself got our questionnaire answered by the 6th years in my class and in my year the only problem I had was that I couldn't get my mind map finished that day.

WEDNESDAY 11TH /1/06

Today me and my group started our spreadsheets and analyzed them. We also done our formulas and screen shots of my completed data on my spreadsheet everything we had planed to do was completed I also checked my group plan to see if it was the same as everyone else's in my group

THURSDAY 12TH /1/06

Today I done my interviews and every one in my group got our work fixed and up to date and I managed to fix my plan.

MONDAY 16TH /1/06

Today everyone in my group started our primary and secondary research; I was putting in all the names of who was coming to the disco in my primary research folder.

TUESDAY 17TH /1/06

Today I finished my name entry of the pupils coming to the disco and did research on venues; bouncers and decoration for my event the people in my group were also doing primary research

WEDNESDAY 18TH /1/06

Today we all were sill doing more of our primary and secondary research and I searched for food lists for prices for boxes of crisps and small bottles of drinks for my resources page.

MONDAY 23RD /1/06

Today I completed my spread sheet and I am glad to see that I am working of a profit is £690. I showed my spread sheet model to the rest of my group and that they are happy at my profit I am getting. I looked at the rest of my groups

spreadsheet model I was pleased with the costing as well and we will get together to see which activity is best to be used.
I met up with the rest of my group today we gave each other the findings and costs of our chosen activity. The groups choose the best event to be held is Karen's activity prom because it is easiest and probably the best one to do and the most fun too.

TUESDAY 24TH /1/06

Our group got together to discuss our company names and strap lines and we all came to an agreement on who's was the best the name is: memories for life And the strap line is: not just a memory on the night but a memory for life. The logo we have chosen belongs to Ricky because it was the best now we are going to get his logo of his pc and use it from now on.

WEDNESDAY 25TH /1/06

Today I am starting the design of my tickets for my event and business card for each member in a group. I took screen shots of all of my group's business cards and tickets and put them on a word document.

MONDAY 30TH /1/06

Today I did work on my story board of our page on our group website and then worked on our group website with my group and got it finished.

WEDNESDAY 1ST /2/06

Today I started my bibliography on all the websites I used to help me on my task and their links to their pages.

THURSDAY 2ND /2/06

Today me and my group fixed our plans and we did our mind maps on the computer and I got people from my group to give me feedback on my work.

MONDAY 6TH /2/06

Today we are starting our enterprise proposal and got it finished and I started typing out my review out onto the computer

TUESDAY 7TH /2/06

Today I helped Rich complete his enterprise proposal and we all did our structure charts and I got my review finished I was confused about what some of it meant but I got it finished
